Vipin Yadav

A motivated individual with in-depth knowledge of languages and development tools, seeking a position in a growth-oriented company where I can use my skills to the advantage of the company while having the scope to develop my own skills.

EDUCATION

B.tech (CSE) - 7.45 CGPA AUGUST 2019 - PRESENT

M.I.I.T , Meerut Uttar Pradesh

Intermediate – 66.02 % JULY 2017- JULY 2018

 M.I.C Ayodhya Uttar Pradesh

High School – 70.00 % JULY 2015 - JULY 2016

G.B.I.C Ambedkar Nagar Uttar Pradesh

SKILLS

Technical Skills : C, C++, Java, Data Structure and Algorithm, Proficient in Python, HTML

Computer Subjects : DBMS, Computer Networks, Operating System, Object Oriented Programming

Database : MySQL

PROJECTS

Chatting Application   July 2021   Minor project

I have developed a desktop chatting application with the help of Java language. This application provides chatting between two users with functionalities like send button, back button, time information etc.

Technologies Used : Java, Java Swing, Socket Networking, Object Oriented Programming, AWT.

Tools : NetBeans IDE

Github link : https://github.com/YdvVipin10/WhatsappChatting

Brick Breaker Game   October 2021   Minor project

Developed a simple Brick Breaker game with the help of Java. In this game users can remove the bricks with the help of a ball. Users can control the ball by clicking on the left and right buttons. Game UI is user friendly and anyone can play.

Technologies used: Object Oriented Programming, Java Swing, JFrame, JPanel, etc

Tools : Intellij Idea

Github link – https://github.com/YdvVipin10/BrickBreakerGame

Airline Reservation System December 2021 Major Project

This app is made for a flight admin, where the admin is the person who handles all of the flight companies' operations using our app. The various functionalities include: Customer Creation , Customer Search , Customer Data Updation , Flight Creation , Ticket Booking , User Creation The app will only be accessible to authorized users, and this will be facilitated by a login screen that will require a username and password.

Technologies used : Object Oriented Programming, Java Swing, Java AWT, MySQL, JDBC driver..

Tools : NetBeans IDE , MySQL

ACHIEVEMENTS

Codechef Online Contests :

Actively participated in online programming competitions organized by CodeChef and secured 2 Star level position. Over there I solved 250+ competitive question problems.
Codechef Id Link– https://www.codechef.com/users/vipin_ydv_10

Leetcode Data Structure and Algorithm Practice :

Practiced in an online programming platform called Leetcode and solved 150+ data structure and algorithmic problems..
Leetcode Profile Link – https://leetcode.com/vipin_ydv_10/

Accijob Data Structure and Algorithm Practice :

Actively participated in an online programming competition conducted by Acciojob and solved 350+ data structure and algorithm questions in practice.

College Online Programming Contests :

Participated in every programming competition organized by Meerut International Institute of Technology Meerut. And got 3rd position twice out of 500+ students of M.I.I.T College.

STRENGTH

Good communication Skills

Problem Solving Skills

Self confident and motivated

Passion towards the work

INTERESTS
